

The Early Childhood Preschool Experience

Three-Year-Old Discovery Center

While providing for the well-being and education for each child, we also recognize that learning should be fun and help to establish a solid foundation for children during their early childhood development. The Angels Academy three-year-old program is designed to provide a well-rounded early education for students and includes social and personal character development.

Three year olds enjoy discovering the world and things around them. At this age, they are beginning to speak in sentences and engage in two-way conversations. Our three-year-old program expands a child's knowledge of language, science, math, music, art, and involves creative play and physical development. The active and challenging daily classroom environment at Angels Academy helps to improve and perfect their fine and gross motor skills.

The three-year-old classroom curriculum plan is designed to become an extension of your child's learning development at home. All students have the opportunity to experience, learn, and build the fundamental skills necessary to succeed in Pre-Kindergarten, Kindergarten, and Elementary school. We look to the future while challenging our students to continue to develop and grow.

Threes Program – Scope and Sequence – Learning Objectives

Program	Concept	Concept	Concept	Concept
Language Arts Development Language and Phonics Reading – Readiness Skills	<ul style="list-style-type: none"> ➤ Language development and listening skills ➤ Letters, color words, shapes, countries, and community helpers 	<ul style="list-style-type: none"> ➤ Phonics Skills Development ➤ Recognition of name, sound, and picture for short vowels and consonants ➤ Upper and Lower case letters 	<ul style="list-style-type: none"> ➤ Learn to blend the sounds of a consonant and vowel ➤ Beginning writing skills ➤ Trace Letter shapes ➤ Hand-eye coordination 	<ul style="list-style-type: none"> ➤ Group Circle Time - Story Time ➤ Read Together – Talk Together ➤ Resource Poems–Finger Plays ➤ Learning Games ➤ Spanish Language Lessons
